о компании Parker

Parker Hannifin Corporation - американская компания, производящая электронные компоненты и системы для промышленности. Основана в 1918 году, компания имеет более 100-летний опыт в разработке и производстве инновационных продуктов для различных отраслей промышленности.

Продаваемые товары Parker:

1. **Гидравлические системы**: Parker производит гидравлические системы, которые используются для управления и регулирования потока жидкостей в промышленных системах.
2. **Пневматические системы**: Компания производит пневматические системы, которые используются для управления и регулирования потока воздуха в промышленных системах.
3. **Электрические системы**: Parker предлагает электрические системы, которые используются для управления и регулирования электрических сигналов в промышленных системах.
4. **Контрольные системы**: Компания производит контрольные системы, которые используются для управления и регулирования промышленных процессов.
5. **Фильтрационные системы**: Parker предлагает фильтрационные системы, которые используются для очистки и фильтрации жидкостей и газов в промышленных системах.
6. **Герметичные системы**: Компания производит герметичные системы, которые используются для защиты электронных компонентов и систем от влаги и пыли в промышленных системах.
7. **Сенсорные системы**: Parker предлагает сенсорные системы, которые используются для обнаружения и измерения различных параметров в промышленных системах.

Bestsellers Parker:

1. **Parker Hannifin Серия 2A**: Гидравлические системы, которые используются для управления и регулирования потока жидкостей в промышленных системах.
